TBS31WUT

31in Table Top Banner Stand Ultra

31.5”W x 45”H - Total Printed Area

31”W x 40”H - Visible Printed Area

29”W x 38”H - Safe Margins

- Black Line - This is the total printed area
- Pink Line - This is the area that will remain once the banner is mounted into the banner stand
- Teal Line - This is the safe area. All text/logos should remain inside these lines

Have background color or image run the full 31.5” x 45”
DO NOT leave white space inside margins, it will show when banner is mounted inside the banner stand

For best quality output on banners, we recommend that you do not flatten any vector artwork with your background images/photographs/raster artwork. This can cause dulling of colors and unexpected/undesired printing results. Please supply the artwork with layers intact and vector portions of the artwork in vector format. If you need guidance or suggestions on how to correctly set up your artwork, please email or call your designer for further assistance.

45”

31.5”

TTC100
