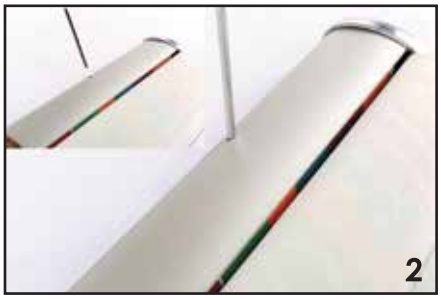
Included Pieces:

1. Aluminum Base
2. Banner Rail
3. Support Pole
4. Banner Locking Pin

Step 1. Slide the two pieces of the support pole together.



Step 2. Place the base on a sturdy table top surface and slide the assembled support pole into the slot in the base.

Step 3-4. Pull the attached banner rail upwards to meet the top of the assembled pole.

Step 5. Attach the banner rail to the top of the assembled pole and slide into place.

The banner should not exceed 17 inches.
Do not abruptly release the banner from its full height, it will cause the banner to snap down and break.
Store in a cool, dry location.
